DETAILED ACTION

1. The Amendment filed by Applicant on 04/01/04 has been entered.

Response to Arguments

2. Applicant's arguments filed on 04/01/04 have been fully considered and they are found unpersuasive.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

4. Claims 12-20 remain rejected under 35 U.S.C. 102(a) as being anticipated by Hauptman et al., WO 01/923342 (hereinafter "Hauptman"). Hauptman, page 11, line 30 through page 12, line 21; page 88, figs. 45 & 54; Examples 151-439. Interpreting the claims in the broadest light possible, the Applicants recite in claim 12, "not more than 1 of R1 or R2 is a hydrocarbon which is

Art Unit: 1713

branched at the imino-bonded carbon atom[.]” Based on the meaning of “branched at the imino-bonded carbon atom” by one of ordinary skill, that teaches of Hauptman by substituting imino nitrogens by aryl rings (in essence, aryl rings are not branched hydrocarbons). The Applicants arguments are not within the scope of specification. The Examiner contends that branching suggest a straight chain with hydrocarbon substituents and an aryl group does not fall into that suggestion of branching.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

6. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1713

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
